

SWAMINARAYAN UNIVERSITY

Program Name: Engineering

Level: Diploma

Course/ Subject Code: DE103305

Course/Subject Name: Essentials of Digital Marketing

w.e.f.Academic Year:	2024-25
Semester:	2 nd year 3 rd sem
Category of the Course:	ESC

Prerequisite:	Students should have a basic understanding of internet usage, web technologies, and social media platforms, along with familiarity with computer applications and online communication tools. While prior knowledge of basic programming, web development (HTML, CSS), and data analysis can be beneficial for advanced topics like SEO and web analytics, it is not mandatory.
Rationale:	An exponential growth in the internet and mobile phone users during recent times has opened a wide range of communication opportunities for individuals and organizations. Today, individuals and organizations have started using the internet and digital media as their main marketing strategy in the form of digital marketing. In today's world, everyone is connected in a digital way. Digital Marketing enables us to utilize the capabilities of every online platform in the best possible way. Therefore, there is a need to understand the essentials of Digital Marketing and to inculcate the skills of digital marketing among students. This course will sensitize students to formulate digital marketing strategies and use appropriate tools in an integrated manner. The students will also learn to measure the effectiveness of their digital campaigns using various analytical tools

Course Outcome:

After Completion of the Course, Student will able to:

No	Course Outcomes	RBT level
1	Explain the role of Digital Marketing in the rapidly changing digital landscape	Understand
2	Apply various SEO techniques including on-page, off-page, and technical optimization to improve website ranking and visibility on search engines.	Apply
3	Use website analytics to improve the conversion rate	Apply
4	Apply social media and video marketing tools to promote brands across platforms like Meta and Twitter(X).	Understand
5	Explain the principles of Email Marketing and Search Engine Marketing (SEM), and classify their types, campaign strategies, and key performance indicators.	Understand
